

Good Afternoon,

Support HB 472

My name is Erica Brown and my son is getting molested by his father. Since Sept 2012. ~~He started w/~~ signs he started w/ gestures which have been witnessed by CPS workers. Thus is not just 1 time ~~a~~ incident. This has continued to ~~happen~~ go on to the present.

CPS has been involved since it was 1st reported. The investigations are usually botched and mishandled by CPS workers.

The 1st investigation Stacey Currie came to my house & interviewed ~~Gravit~~ my son. She found danger & said the visitations stopped immediately. That never happened!

The next month, her report changed & she stated she couldn't do anything about the visitations.

We have been to Helena to talk w/ Richard Opper, ^{Sarah Corbally} Dana Toole, nothing ^{has} been done.

The case has been moved from ~~Haure~~ to Butte, to Livingston to Bozeman.

With nothing being done by ~~HAURE~~ CPS workers. The cases are closed because CPS asks the perpetrator if he is molesting him? He says no, cases close. An assessment was done on both parents and on the perpetrator. Sexual deceptions were reported.

Case close. No further investigation about it.

Please continue Child and Family Ombudsman.

Thank You.
